Summer 2001 Opportunities

The worldwide laboratories of the IBM Research Division have a wide variety of exciting summer positions available for *Summer 2001*, providing opportunities for talented, highly motivated students to bring their fresh ideas and energetic drive to the challenges and rewards of hands-on high-level research. *Summer 2001* positions will be filled mainly by graduate students in Computer Science, Electrical Engineering, Mathematics, Materials Science, Physics and Chemistry.

If the prospect of working on cutting-edge technology with some of the top researchers in the world and building friendships with students from around the globe appeals to you, consider applying for a *Summer 2001 Opportunity*!

Positions will be available in the following areas:

- ✓ ***Chemistry***
- ✓ ***Communication Systems***
- ✓ ***Computer Science***
- ✓ ***Data Storage***
- ✓ ***Electrical Engineering***
- ✓ ***Hardware Technologies***
- ✓ ***Mathematical Sciences***
- ✓ ***Operations Research***
- ✓ ***Physical Sciences***
- ✓ ***Semiconductor Technologies***
- ✓ ***Solution Technologies***

Applications must be submitted electronically.

The deadline to apply is March 31, 2001.
