

Description

Position: Bell Labs Web3 Internship
Duration: 10 Weeks
Date: June to August, 2023
Location: Onsite

Come create the technology that helps the world act together!

Nokia is committed to innovation and technology leadership across mobile, fixed and cloud networks. Your career here will have a positive impact on people's lives and will help us build the capabilities needed for a more productive, sustainable, and inclusive world.

We challenge ourselves to create an inclusive way of working where we are open to new ideas, empowered to take risks and fearless to bring our authentic selves to work.

The team you'll be part of

Nokia Bell Labs is building the future of human experience. Our interns will have the opportunity to learn from and work with industry leading experts, who solve the most formidable challenges confronting our world through disruptive innovation and research.

Education Recommendations

Currently a candidate for PhD in Computer Science, Computer Systems Engineering, Electrical and Computer Engineering or related field with an accredited school in US.

What you will learn and contribute to

As part of our team, you will:

- Design & implement state of the art Web 3 Decentralized Systems.
- Validate the implementation and compare the proposed solutions in our cutting-edge labs.
- Interface, explore and learn from the experts.

What is Nokia looking for from me

You have:

- Good knowledge of distributed systems concepts and design.
- Having hands-on experience on blockchains, smart contracts or cryptography is an asset.
- Basic understanding in telecommunication is a plus.
- Excellent communication and presentation skills.

Why we're awesome

Nokia offers flexible and hybrid working schemes, continuous learning opportunities, well-being programs to support you mentally and physically, opportunities to join and get supported by employee resource groups, mentoring programs and highly diverse teams with an inclusive culture where people thrive and are empowered.

Company Culture: We believe our people are our greatest asset and we aim to foster a fun, challenging, positive, and inclusive work environment. We offer 1-on-1 mentorship, learning and development opportunities, global impact and interaction, and flexible work/life balance.

Meaningful Co-op Term: During your co-op term, you will have the opportunity to test out the latest technologies and work on innovative projects that could leave a global impact. You get to use skills learned in the classroom and apply it to real work situations while gaining professional hands-on experience.

Nokia is committed to inclusion and is an equal opportunity employer

Nokia has received the following recognitions for its commitment to inclusion & equality:

- One of the World's Most Ethical Companies by Ethisphere
- Gender-Equality Index by Bloomberg
- Workplace Pride Global Benchmark
- LGBT+ equality & best place to work by HRC Foundation

At Nokia, we act inclusively and respect the uniqueness of people.

Nokia's employment decisions are made regardless of race, color, national or ethnic origin, religion, gender, sexual orientation, gender identity or expression, age, marital status, disability, protected veteran status or other characteristics protected by law. We are committed to a culture of inclusion built upon our core value of respect. As a federal contractor & pursuant to Presidential Exec. Order 14042, Nokia mandates for all employees a COVID-19 vaccination or an approved religious or medical accommodation.

Join us and be part of a company where you will feel included and empowered to succeed.

See you this Summer 2023!

"The intern program at Nokia is truly designed to give students all the support and guidance we need to excel in our professional careers. Working at Nokia as a software developer Co-op, I was able to learn and grow with the guidance of mentors from across the company through a multitude of research, development, and leadership opportunities. It was exciting to be able to contribute to real-world projects and apply my previous experiences to new domains, especially since the Nokia work culture encourages innovation and creativity. I've made lifelong connections and skills through my time here, and I'm so grateful to have been a part of the Nokia team!" – Mara Hubelbank, Former Nokia Co-op student, Spring - Summer 2021
